General Comments

Overcast and cool

- Email review
- Diary work
- 0800 hrs Safety Meeting
- After the safety meeting Paul Jefferson came over to review my redlines for Submittal 2609R00 – Demonstration Pour for SCC. He was OK with it so I sent it on to April Smith to finalize.
- After receiving Submittal 2027R06 in February, and going back and forth on it's content, I returned the submittal today "Not Reviewed." The latest from the contractor is that they are going to review their galvanizing procedure for the submitted application and send in another submittal that will supersede Revision 6. I discussed this with Chuck Kanapicki (ABF) and he is aware of it and OK with it.

I accrued 1 hour of overtime covering the contractor's hours and handling work-related issues.
